To qualify in the Off Road category, members need to have competed in at least two different off-road events

The scoring shows each runner's average points score for that race category plus races completed

Competition rules are simple: just run in events from the competition list in order to win points. Maximum score (40 points) is awarded to the first Congleton Harrier home; 39 for second and so on. Independent scoring for ladies and men.
Precedence is given to fully paid-up club members (for the duration of the competition) who secure a **Qualifying Score** by competing in different race categories - Fell, Multi-Terrain, X-Country & Road.
Best eight scores to count. Secure a Qualifying Score by competing in two different race categories. Your Qualifying Score must include at least one score from each qualifying race category.
If the scores are tied, then precedence is given to the runner who has competed in the most race categories and then the most overall events. See our Club website for a list of events. Please report any errors or omissions to Rich Benson
